Summer is here and we're in the mood to celebrate!

For starters we have two special days to gather with family and celebrate – Father's Day on June 20th and the Independence Day on July 4th. Both are wonderful opportunities to gather with your loved ones.

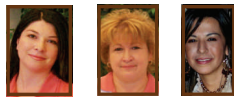

Here at OSC we have a lot to celebrate this summer as well. We are honored to have five employees that have been part of the OSC family for over ten years. We are proud to have such dedicated individuals on our staff and want to share a bit of who they are with you.

And we aren't done celebrating yet ... Dr. Marquez was recognized for reaching quite a milestone in his career.

As you can see, at OSC we have a lot to celebrate, but most of all we celebrate serving you and our community. We hope that you and your family have lots to celebrate this summer as well.

Don't forget to drink plenty of water & to protect your skin under the sunny rays.

Celebrating 10+ Years!

Rachel

Carmen

Deyla

Patty

Gloria

For over ten years OSC has been graced by five exemplary employees that have dedicated themselves to developing their skills and knowledge to strengthen the patient-physician relationship.

"I am so honored and can't thank these ladies enough for all of their support and loyalty. They are not just employees, they are family" -- Raul Marquez, MD

Rachel Cantu is celebrating fifteen years with OSC. She joined the Business Office as a Receptionist in 1995. She became a Cashier in '97 and a Medical Records Clerk in '99. Her excellent organizational and customer service skills earned her the title of Office Manager in 2003.

Deyla Rodriguez and Carmen Salas are celebrating thirteen years with OSC. Deyla and Carmen both came on board in 1997. They both started in the Clinical Department as Medical Assistants (MA). Deyla moved to the Business Office as a Medical Records Clerk and became a cashier in the same year. Her quickness to learn and adapt to new roles led her into the Billing Department in '99 and in 2000 became our Workers Comp Specialist. Carmen continues to work as an MA providing a compassionate and personal touch to our patient care. Since 2000 Carmen has been the Supervisor of the Medical Assistants.

Celebrating eleven years of service is Patty Carrion. Patty was hired as a Billing Clerk in 1999 and soon after became the Billing Department Supervisor. Patty's coding knowledge and attention to detail adds value to the practice. She earned the title of Business Office Manager in 2002.

Gloria Garcia is celebrating ten years at OSC having joined the practice as Receptionist in 2000. Running the front desk requires a special set of skills to remain tactful and gracious under pressure. Gloria excels at both.

"I am privileged to have five wonderful ladies working with me for so long. They have contributed too much of their time and energy to the growth of this practice. Thank you ladies!" -- Raul Marquez, MD

Marquez's 500+ Total Joints

Dr. Marquez's passion is innovation in practicing medicine. He continuously studies new orthopedic techniques to offer his patients the best care available. Recently he was recognized by Aesculap, a highly regarded surgical instrument company, for his expertise in the use of the computer-assisted navigation system known as OrthoPilot. His patients enjoy exceptional results that come from Dr. Marquez's experience of completing more than 500 total joint implantations.

The Navigation System makes it possible for patients to experience less pain, to recover more quickly from surgery, and enjoy a much improved outlook for long-term well being. For more information visit us at www.drraulmarquez.com

Thank you for choosing us for your orthopedic healthcare needs!
